## FREQUENTLY ASKED QUESTIONS

---

**Q1: Do I need to physically alter my phone?**

A1: No. Our software is compatible with any phone make and model. No physical modifications of any kind are needed.

**Q2: Do I have to install Cell-Detective on the phone I am monitoring?**

A2: No. Unlike other products, with Cell-Detective you never touch your target's phone. It only gets installed on your own phone. Our software creates a connection with the target phone and all the collected data is stored on your phone where it can be reviewed.

**Q3: What if the target is located in another state or country?**

A3: The distance between your phone and the target phone is irrelevant – you can monitor any cell phone – even if it's in another country and/or continent.

**Q4: I need my order purchase to be anonymous, as I don't want anyone to know that I ordered this.**

A4: No problem – our credit card charge does not mention Cell Detective,” It is 100% safe and anonymous.

**Q5: Will it work in my country/state?**

A5: Absolutely, yes. Cell-Detective works in any and every country in the world, as it works 100% independent of phone networks/connections/cell phone companies.

**Q6: How many different phones can I monitor?**

A6: You are allowed to monitor as many as you like.

**Q7: Can I listen to live calls?**

A7: When a call comes into the target phone you can listen to it live.

**Q8: Is Cell-Detective REALLY 100% untraceable and undetectable?**

A8: Yes, Cell-Detective is 100% untraceable. In addition to rigorous testing from our development team, Cell-Detective has been cross tested by thousands of satisfied customers across the globe.

**Q9: How can I pay for Cell-Detective?**

A9: Our payment processor is a 100% secure merchant. We accept all major credit cards, debit cards.

**Q10: Will the person being monitored be able to tell they are being monitored?**

A14: Cell-Detective is 100% undetectable and untraceable. The only person who will ever know about this, will be you; the person who installs it. Cell-Detective's software creates no icons or menus and emits no sounds.
